EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Daniel Dawes on October 3, 2005.

The application has been amended as follows:

In the Claims:

Cancel claims 14-17.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: With regard to claim 22, in the interview, applicant argued that the sleeve halves 22a and 22b and the slots 66A and 66B of Grinberg et al. are not located in the slots 50 and 54 of shaft 20. Thus, slots 50 and 54 do not constitute a slot pattern and slots 66a and 66b do not constitute a wedge mechanism where the wedge mechanism is movable in the slot pattern, as recited in claim 22 of the instant invention. Applicant arguments are persuasive, and, accordingly, the rejection of claim 22 as being anticipated by Grinberg et al. is withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
